Online, evidence-based, specialized care for CIRS

MoldCo is now live in Texas and Florida for eligible patients.

Our company's mission is simple: to provide evidence-based care to the 10's of millions affected by mold toxicity / CIRS.

In an affordable and digital platform, we're offering clinician care, patient onboarding, lab panels, and prescription treatments.

We will soon be nationwide.

If you're a patient in TX or FL, contact us at support@moldco.com to sign-up.
To join our waitlist once we are live in your state: www.moldco.com
